

Maintenance Technician

OPEN POSITION

Plastikos, Inc., North America's premier supplier of precision injection molded custom electronic and medical components, is searching for a Maintenance Technician to join our team.

A successful candidate must be passionate about product quality, continual improvement and growth, and possess a track record of success. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

KEY RESPONSIBILITIES

- » Visually inspect and test machinery and equipment.
- » Listen for unusual sounds from machines or equipment to detect malfunction and discusses machine operation variations with the maintenance supervisor and other maintenance associates to diagnose problems.
- » Dismantle defective machines and equipment and installs new or repaired parts.
- » Perform preventative and predictive maintenance activities on building systems, machinery, and equipment as directed by maintenance supervisor.
- » Install and repairs electrical apparatus such as transformers, wiring, and electronic components of machinery and equipment.
- » Lie out, assemble, install, and maintain pipe systems and related hydraulic and pneumatic equipment.
- » Repair and/or replace gauges, valves, pressure regulators, and related equipment.
- » Repair and maintain physical structure of establishment as needed.
- » Install, program, and repair automated machinery and equipment such as robots or programmable controllers.
- » Sets up and operate machine tools such as drill, saw, welder, and grinder to repair or fabricate machine parts, jigs, fixtures, and tools.
- » Operate cutting torch or welding equipment to cut or join metal parts.
- » Fabricate and repair counters, benches, partitions, and other structures as needed.
- » Other responsibilities as directed by the Maintenance Supervisor.

QUALIFICATIONS

- » High school diploma or equivalent; post-secondary technical training, preferred
- » Clearly and effectively communicates in English (oral and written); possesses strong interpersonal skills
- » Maintains a positive attitude and strong individual work ethic
- » Works well independently (self-motivated), as well as in a team environment
- » Regards safety as a priority
- » Mechanical aptitude
- » Possesses a strong attention to detail (i.e. very detail oriented)
- » Is capable of multi-tasking, sometimes in the midst of interruptions
- » Consistently meets deadlines
- » Possesses a commitment to housekeeping and to maintain a very clean work environment
- » Is willing to work on any of the three shifts, as required

Comprehensive compensation package includes insurance benefits, 401k, flex plan, life insurance, bonus program and off-shift premium.

A printable PDF version of our application form is available online for candidates to print, fill out and bring to Plastikos, Inc.
