

# Plastikos & Micro Mold

SPRING 2012

A foundation of service, advanced engineering, quality and delivery since 1978.

## 3 New Presses to Increase Capabilities

\$500,000 Investment at NPE Includes 220-Ton Hybrid-Electric Press. Plastikos seized the opportunity at NPE to support customers' increasing demands with the purchase of three new injection molding machines for our Erie, PA headquarters, highlighted by a 220-ton, hybrid-electric injection molding machine from Arburg.
